Dear friends,

This past Friday, I received several checks as donations to Midlands Golden Rescue in memory of my two special girls, Emma and Hannah. Words can not express how I truly feel regarding this thoughtful and kind gesture. I was truly moved...in fact I opened the letters in the parking lot of the post office and just turned off the engine and cried.

I am so very moved. I know that both Emma and Hannah are really thumping their tails against St. Peter's Gate also in gratitude for what each of you has done in their names.

Finally, I also am sending my sincerest thanks to those who took the time to email me with their condolences as well.

Again, my sincerest thanks and God bless each and every one of you.

Mary

Also I want to send my thanks to the following for their kind notes of condolence for right now it is still very difficult to write much less at this time to send out individual notes. I will do this in the future but I just can't right now. Please know friends, you all have eased some of my pain.
